

The VS-7b is designed for business professionals and home users who want an affordable, yet reliable 17" monitor in black casing. With a 0.24mm(H) dot pitch and a maximum resolution of 1280 x 1024, the VS-7b displays crisp, clear images, making it ideal for graphic design, spreadsheet applications, and gaming.

XF-9c

19" Xtreme Flat CRT Monitor

High-end graphic users will enjoy the added screen space that the XF-9c delivers. The image is 30% larger than a 17" monitor while the footprint is 40% smaller than a 21" monitor. Plus, the XF-9c gives you a sharp picture and performance without the curvature of a standard CRT monitor.
